## Description

The young tenor singer Dimitri miraculously escaped with his life after a severe accident. But soon after that, strange cases of group-suicides started to happen all around him... A vampire-romanesque tale of love and survival!

## Insightful reviews

Nadine: Didn't get into the story at all. Not sure why. It's an interesting twist on vampires... Well, maybe that's it, not a big fan of vampires, whatever the twist.

Blu: Non è la solita storia di vampiri e questo è un punto a suo favore, ma purtroppo le caratteristiche delle creature protagoniste della storia non sono per niente chiare. L'autrice si contraddice nel corso dei volumi creando parecchia confusione. Peccato perché aveva tutte le carte in regola per essere un ottimo manga.

Starbubbles: I actually really disliked this. But as everyone will soon see, I for some reason could not stop and ended up reading to volume 6. It does get much better, but doesn't at any time seem to be wrapping up. The art is nice once you get used to it, and maintains a darkness through even happy moments.

Alex G: speedy thoughts:\* beautiful complicated and mature for shojo--it may well nearly be Josei.\* Ends on a semi-cliffhanger. Ugh.\* yet i am sufficient within the tale international to borrow vol.2.\* Creepy--yea, grotesque. i admire it.\* Facial strains are type of skinny and airy, which does not make for a robust impression. probably it is the shojo sort that i am no longer used to. own taste.

Ashley: Weird, yet an enticing premise. i'd learn extra prior to creating a strong determination approximately this series.

Selena: i am not definite what to make of this. it is a relatively sluggish start. certainly obtained the creepy gothic vibe going. My brother used to be the person who prompt this to me, actually. He acknowledged it starts off sluggish and that it will get better, so i suppose i'm going to supply it one other volume.
