## Insightful reviews

Emily: something is in the forest and Fireheart doesn't know what it is. Bluestar thinks that it is windclan stealing prey and she declares a fight. Fireheart found a way to stop it. Bluestar thinks every one in the clan is a traitor except for Fireheart until he stopped the fight. Riverclan tries to take part of thunderclan's territory but thunderclan won't allow it. They start to fight. During the fight Bluestar tells Mistyfoot and Stonefur the truth that they were her kits and she gave them to Riverclan. Graystripe lives with Riverclan now but he saves Fireheart from Leopardstar and she exiles him. He becomes a Thunderclan cat again. Whitepaw becomes a warrior and Longtail is mad because his apprentice is older than him and deserves to be a warrior. Since Longtail's apprentice and an apprentice Brightpaw didn't become a warrior they went looking for the thing in the forest and try to defeat it so that they can become a warrior. Fireheart finds Longtail's apprentice dead and Brightpaw badly injured. Later Fireheart finds out that Tigerstar is feeding a pack of dogs in Thunderclan territory. He makes a trail of dead animals that leads to Thunderclan camp and at the end of the trail is Brindleface. Fireheart figures out a plan to get rid of the dogs. Bluestar risks her last life for her clan. The dogs are killed and Bluestar said that Firestar will make a great leader.

Brooklyn: This book was full of mystery and up and down romance. Now that Fireheart has found out that his enemy, Tigerstar, has gained leadership over ShadowClan. Fireheart is very frightened that this will destroy the forest, but a threat has come to the forest that no cat could ever dream of. But now that Fireheart thinks he knows what the threat is his only problem is getting Bluestar to listen to what he has to say. Many things happen in this book, but it was my FAVORITE of the series!!!!!!

Lucija Selak: OH MY GOSH THAT ENDING :( OH MY GOSH THIS BOOK :(

Mary: SOOOOOOOO well worth the read!!! at the very least deaths, considered one of them UNBELIEVABLY SAD!!!!!! Tigerstar, now the chief of Shadowclan, has a few darkish schemes that he places into motion and the e-book takes a surprising flip for a gloomy ending. However, we are going to see what occurs within the subsequent book:)

Alexa: This publication was once in my view was once no longer very enjoyable like the final one. I didn't just like the proven fact that Bluestar began to be nasty to her extended family and the opposite leaders of the forest. I didn't like puppy Pack and what occurred to Brightpaw. I

learn the subsequent one simply to see what happened. i need to say that i feel the following booklet used to be a lot better.

Wildheart: completely 5 stars! the easiest out of all of the warriors to this point that i have read. the tale starts with Bluestar her insane self after Tigerclaw betrays the extended family as Fireheart predicted. as soon as Bluestar is at peace back the extended family has no time to be grateful as a result BloodClan conflict that Tigerstar has wrongly arranged. The clans should unite once extra to defeat the evil leaders. This ebook is probably not as epic yet touching and virtually a warriors life. It indicates that after then chips are done, all you'll want to do is upward thrust back till you succeed. five Stars for sure!
