Description

Clark's Harbor was the perfect coastal haven, jealously guarded against outsiders. But now strangers have come to settle there. And a small boy is suddenly free of a frenzy that had gripped him since birth... His sister is haunted by fearful visions... And one by one, in violent, mysterious ways the strangers are dying. Never the townspeople. Only the strangers. Has a dark bargain been struck between the people of Clark's Harbor and some supernatural force? Or is it the sea itself calling out for a human sacrifice? A howling, deadly... *Cry For The Strangers*.

Insightful reviews

Elizabeth: Boring! I read him when I was younger and I didn't like him then and I definitely don't like him. He's too "old" when he writes. It shows in his writing. He maintains themes throughout all of his novels. Children with special abilities or disabilities. Beach. Strangers. Supernatural elements. I listened to this as an audio book and I nearly drove my car off a cliff to get away from it. Wouldn't recommend it.

Lisa Marie: Loved the story as usual. When I bought this on my Kindle the date was wrong, I had read this years ago but it was cool to read it again. Man, Saul needs a much better editor though, so don't read this as your first John Saul book or you may not be too happy with it. But for a true Saul fan, it's still good despite so many flaws...

Emily: Well, it was the perfect book to read on the beach (well not really because that's where everyone kept dying) but I enjoyed the first part for what it was. Then the middle dragged and I hated the ending. ([view spoiler](#))

Sridhar Babu: I admire all of the books of John Saul...his books are scary, to the point, and he maintains a similar pace through the book..

Kelly : Pig crap

Randy Epon: the 1st publication I have learned from John Saul. I fell in love with it.
