Description

PUMPKIN POWER!

Nothing beats Halloween. It's Drew Brockman's favorite holiday. And this year will be awesome. Much better than last year. Or the year Lee and Tabby played that joke. A nasty practical joke on Drew and her best friend, Walker.

Yes, this year Drew and Walker have a plan. A plan for revenge. It involves two scary pumpkin heads.

But something's gone wrong. Way wrong. Because the pumpkin heads are a little too scary. A little too real. With strange hissing voices. And flames shooting out of their faces...

Insightful reviews

Jomaury: Have you ever wanted revenge so bad that you'll do anything to do it? But it also turns out weird? This book is fiction because it's a complete made up book that can totally not be real. I thought it was good because it had me hooked for a long time.****spoiler alert***** Drews friends Shane and Shana are aliens from another planet that were the ones behind the pumpkin costumes.

The setting starts off in Drew's house (the main character). Drew wanted revenge from Tabby and Lee because of the horrible prank Lee did on his Halloween party. But Shane, Shana, Drew, and Walker all make a plan to get back at Tabby and Lee for what they did. So Drew gets a phone call from Tabby saying her and Walker won't go to the party that Drew did because Lee's cousins are taking them to a farther neighborhood to get more and better candy. Drew gets really mad and upset after months and months trying to make that plan. Then they make another plan a year later because they are going to scare Tabby and Lee while trick or treating but then Drew is getting upset because Shane and Shana don't show up but there the ones who dress up like those pumpkin heads so then they end up scaring Tabby and Lee then they end up changing back into humans. This book I think is person vs person because it's Drew vs Tabby and Lee because of the revenge. Drew is a boy he has short straight black hair kind of has a pointy nose and a pointy chin and he's also short. Tabby has creamy white skin and straight long blonde hair and sparkling green eyes. Shane and Shana are both twins. They both have round faces and curly hair they have red cheeks and happy smiles. They're both short and sort of chunky. Lee is tall with dark brown eyes and a nice smile. He is also African American.

I couldn't understand why Tabby and Lee hate on Drew and his crew why don't they all just become friends and get along. I thought the ending of the book was very shocking because I didn't expect it was going to be Shane and Shana that were behind it all. I wish that they could all become friends instead of being mean to each other because it would have been cool if they were all a group and all of them getting scared by Shane and Shana. My favorite part of the book is when the dad of Drew gives him and her nicknames. He called Drew Elf and Shane and Shana Roly-poly. The thing that kind of shocked me was that Tabby and Lee were both scared. I thought

that they weren't scared of anything. This kind of reminded me of a time where I told my uncle I'm not scared of anything but when I was sleeping he whispered in my ear ay mis hijos. I jumped from my bed saying la llorona is going to get me! and i woke everyone up.

I thought the book was intense funny and amusing. I rate this booms a 9-10 because it was good but not too good. I would recommend this book to daisy because i heard she likes intense books. If you have nothing to do and you want something intense to read this book because you will feel it getting intense thank you and i hope you liked my book review

Ian: grabbed off of Abby's pile 'o books and read, then had nightmares that night. Yes, perhaps too soon for a six year old.

Shawna: A fun Halloween read. Not my favorite of Goosebumps, but still worth reading.

Yuri Chan: The episode was once greater than the book.

Andrew: this may be the final effortless learn or pretty well effortless learn that I put up for awhile. Simply simply because i ended this in a single sitting and query if I feel this was once trippy or weird. Either way, I loved it. Even although after examining so much of it, I actually muttered to myself "What the hell am I reading?" I wasn't too keen on nearly all of it being approximately trick or treating. the most twist used to be method on the end, (the twist used to be interesting, i'm going to admit), and to be honest, elements of this looked as if it would mimic the haunted mask. the most personality desires to come back at young ones from college and scare them bad. Carly Beth anyone? So yeah, I will not be analyzing one other Goosebumps for awhile, and that i is absolutely not ever posting young ones books back (if you are very curious, pass on my web page and search for the 'children's books' shelf). If that does not let you know how bored i used to be the evening I published these kid's books, then not anything will.

Sydney Christopher: i really distinctly be mindful having this e-book on my little table in third grade, and realizing that there is most likely a greater booklet in the market to read, yet that this e-book should still do. I take into account studying the tale concerning the kids, pulling a prank on jerks, yet really turning inot creppy strolling jack-o-lanterns. i bear in mind I selected this e-book to learn simply because Halloween was once coming soon. *sigh*. yet i gave it 2 stars simply because I additionally have in mind skipping lots of the center simply because i used to be bored of the Halloween occasion scene. I lastly, take note this was once the first e-book i would ever learn that had a curse note in it (a small lifeless one), and that i felt like a filthy undesirable lady due to that. it used to be my first stirrings of horror.
