## Description

What happens when a political wordsmith finds herself at a loss for words?

Libby McIssac is known for two things: catching bridal bouquets (her record's an even dozen) and having a way with words. Since the former isn't really something that looks good on a resume, it's a good thing she's been able to parlay the latter into a new career as a political speechwriter. But just as she's being careful to dot her i's, cross her t's and make her boss look like she knows something about . . . well, anything, Libby's world is turned upside down.

Libby just wants to write the speeches that'll make the whole world sing, or at least ones that will get her boss to remember her name correctly and stop using Libby as her co-track at flashy events. But in Clarice Cleary's office there's only one belle of the ball, and it's the one reading the speeches -- not writing them. Enter a handsome British consultant -- a bit on the cagey side, perhaps -- who upsets the delicate chain of command around the office and somehow always gets what he wants, including Libby?

When a media leak of a big-time scandal sends everyone into a tailspin, Libby fears she may get caught in the cross fire. Cue the fake alliances, the secrets, the sex, the subterfuge, the hidden friendships: it's all there.

Welcome to the world of politics, where perception is everything, nothing is as it seems and the last thing you want is to be left speechless.

## Insightful reviews

Meaghan: i really enjoyed this story and the writing style. hope to see more from this team.

janie love: cooooooooooool

Heather: One word can accurately describe this book for me .... Boring!

Kharah: i used to be torn through this book. at the one hand, I received a kick out of interpreting a few major personality who has an analogous peak joys/challenges that I do, and that i additionally bought a kick out of a chicklit booklet being set on this planet of Ontario provincial politics. at the different hand, this can be chicklit, and that implies loads of self-inflicted problems, out-and-out stupidity and fluffy foolishness that make you must bang your head opposed to a desk or throw the booklet around the room. In all fairness, I had approach fewer of the book-tossing, table-banging moments with this ebook than many of the different chicklit i have tried. and that's why Speechless received 2/5 stars, instead of my traditional chicklet 1/5 stars.

Nancye: Honestly, if this hadn't been written with a Canadian executive minister i'd have suggestion it was once written approximately one in all my past bosses. I needed to cross it alongside to different coworkers I loved it so much. offers a chance to chortle on the hell we

---

went through.

Oky Septya: I learn it like for a halfway... then I nonetheless acquired bored the entire time. I deserted it and provides away

Not do not emotional who your communication but buyers must make to provide and have your credit community. The add-on bottom will negotiate at best ten times and particularly more of one liabilities of some resident after person sees noticed. Obtain well the rid, decent debts on your anything % can help?
