Description

1 MP3-CD / 10 hours

Conducting a top secret investigation into the death of a fellow police officer has Lieutenant Eve Dallas treading on dangerous ground. She must put professional ethics before personal loyalties. But when a dead body is placed outside her home, Eve takes the warning personally. With her husband, Roarke, watching her every move, Eve is drawn into the most dangerous case of her career. Every step she takes makes her question her own sense of right and wrong - and brings her closer to a confrontation with humanity's most seductive form of evil...

Insightful reviews

Sara ?: **September 29-October 1, 2014**

February 1-2, 2012

3.5 stars. I dunno. I guess I just thought it was obvious who the bad guy was (well, at least which side was doing it), and I felt like she didn't go after them like she should have. *shrugs* She wasn't even out investigating them most of the book!

May 5-8, 2011

February 28-March 1, 2011

3.5 stars... Call me crazy, but I'm not the biggest fan of Satanism... But this book was still very enjoyable... I did listen to all 10 hours in a 24-hour period that included quite a bit of sleep!

In this book, we pretty much know who's killing people from the get-go, but the issue is WHERE'S THE EVIDENCE??? And the ending was emotionally traumatic, but wasn't as HOLY-FREAKING-COW, EVE-IS-GOING-TO-DIE-ANY-SECOND, COME-ON-ROARKE-DRIVE-FASTER as in previous books. For me, the mystery in this book was less interesting than the character development.

Peabody is REALLY interesting and has quite an interesting knowledge base and softer side! Feeney and Eve's friendship is tested. Roarke turns out to be quite superstitious! But is it just me, or is Nora/J.D. quite obsessed with Ireland/Celtic stuff? Yeah, I thought so!

Duchess Nicole: I think that this is my favorite of the series so far. I mean, there wasn't anything wholly new other than the fact that Roarke played more than a token lover/husband role in this one....the man gets to show his protective side in a major way. You know how he's always toning Eve down, bringing her back down to earth with his sexy little Irish yumminess? Welp, he loses control here. There's NOTHING hotter than when Mr. Control loses said control in the bedroom. Nothing.

And after giving Eve something to think about with his little show of domination and power, it's back to sweet Roarke, ever the tender lover...

“For once, he slept first. She lay in the dark, listening to him breathe, stealing a little of his warmth as her own body cooled. Since he was asleep, she stroked his hair. "I love you," she murmured. "I love you so much, I'm stupid about it." With a sigh, she settled down, closed her eyes, and willed her mind to empty. Beside her, Roarke smiled into the dark. He never slept first.”

Any big fans of Nora know that she tends to have recurring themes in her books, all which stem from a love of them in her real life. Which is why she tends to write them so well, I imagine. A few I've noticed:

- Dog love
- Wiccan religion
- Love of all things Irish
- Cop speak - the woman writes a great woman cop

Wiccans and magic are a big part of this book...along with some satanists, both of whom are on the suspect list for Eve's cop friend and the ensuing murders that take place. And she writes the religion very well, focusing on peace and love of nature. It always makes me wish I had a Wiccan friend...they seem so soothing and down to earth.

I've got to say, this is one series that I picture the characters very specifically. Here's my

Roarke:

Alex O'Laughlin as Roarke

Emily Deschanel as Eve Dallas

Anastasia: Ceremony In Death by J.D. Robb is the 5th book in the In Death series. The death of a long serving police officer and then of his granddaughter sees Eve investigating several witch cults both of the dark and white variety. Another terrific read in this highly addictive series. I love the characters and their interactions as well as the futuristic setting. Eves and Rourkes relationship and romance just keeps getting better and better.

Natalie: i'm love, love, loving examining this series! There also are a few million of them (give or take a few) so i have plenty of enjoyable in store. those are a kind of accountable excitement

different types of books. Eve Dallas is cop within the vast Apple, some distance forward sooner or later while autos can fly and holograms are common. She is married to the illustrious Roarke - a slightly mysterious guy who additionally occurs to be billionaire. (That's handy.) Eve loves her activity as a murder detective and he or she is usually known as in to assist at the vast cases. Roarke steps in and is helping out as wanted (and retains her comfy while she pushes to hard). There is often a secret and you'll often work out whodunit, Roarke and Eve could have wild sex, Mavis will come round and be silly, Dr. Mira and Feeny will make an appearance, Eve will you need to be company with Peabody and within the end, Eve an Roarke will constantly shop the day. that is simply how it is and that i love it. i do not brain the predictability, that is what makes it relaxing.

Malin: whilst one in every of her fellow law enforcement officials dies of probably average causes, Lt. Eve Dallas, is stunned that his granddaughter insists on assembly with her, claiming that her grandfather didn't die of a middle attack, yet used to be killed by way of occult capability through an evil cult of devil worshippers motive on getting again on Alice (the granddaughter). Eve is deeply pragmatic and doesn't think in whatever religious or occult. She believes Alice used to be drugged and manipulated, and sexually abused by means of acknowledged cultists, yet refuses to think about whatever supernatural. presently after, Alice turns up dead, and Officer Peabody, who'd been set to tail the girl, says that she bumped into oncoming site visitors after seeing a black cat. Eve requested by means of her better officer to enquire even if Frank have been desirous about unlawful drug trafficking, after it turns into transparent that he were witnessed buying whatever from Selina, the chief of the Satanist coven in a seedy club. Neither her superior, nor Eve, think Frank used to be a filthy cop, yet Eve is forbidden to inform an individual approximately her investigation, particularly no longer Feeney, the cop who knowledgeable her, and who used to be Frank's previous partner. in the course of her investigation, Eve has to interview the self-styled sorceress Selina, who turns into very disillusioned along with her treatment, and Eve's noticeable disdain for her. quickly after having puzzled Selina, a corpse is left at the pavement outdoors her and Roarke's mansion, and the case takes on a way more own note. Ceremony in loss of life isn't like numerous of the opposite Robb books in that the reader quite early on is given an idea of who the assassin is. Eve is beautiful yes she is aware who the killer is, the matter is that she has to end up it. She additionally has to come back to select from her activity and her friend, and care for the grotesque aftermath of Feeney getting to know that she's been set to enquire his friend. whereas she thoroughly disregards any trust within the occult or supernatural, she comes into touch with a number of witches, of either the darkish and white persuasion, and discovers that whereas she is pragmatic and disbelieving, Roarke could have extra non secular beliefs.

Tilly Slaton: up to I take pleasure in a very good paranormal book, this ebook left me suffering. Surrounded via witches, solid and evil, Eve betrays an expensive pal and places the task first. This booklet relatively hits domestic with Eve. A suspect is the son of a significant psycho serial killer and rapist who worshipped satan. the daddy raped and beat his personal son. Blinded via her emotions, Eve needs and hopes that the guy is innocent, whether all the proof issues his way. Ritual killings, orgies and the mysterious unknown witchcraft, Eve is the first in this case and leads her aide and others with skeptical sarcasm. He watched her paintings before, studied and favorite the efficient, focused box she created round the dead. Roarke puzzled if she totally understood why she did it, or how she could, whereas interpreting a

lifeless, violently dispatched physique with such simple objectivity, see throughout the pity that haunted her eyes. He'd by no means requested her. He doubted he ever would. I truthfully didn't care a lot for this book. It used to be a section uninteresting to me. I suggest this e-book to mature adults. robust sexual content. powerful and interesting violence. intercourse and dismemberment. even supposing others may well locate this booklet tremendous entertaining, i'm recommending this e-book in simple terms to people who are interpreting the In demise series. I suggest .. why bother? Line of the book: "...my narcissism is balanced by means of a beneficant heart." ~Happy reading!
