## Description

In the second volume of Chi's Sweet Home, Chi's new world slowly begins to grow. As Yohei Yamada grows up it is rapidly becoming apparent to his parents that Chi grows up twice as fast! Now moving into the feline version of the terrible twos, Chi's increasingly curious and independent behavior begins to wear on each member of the Yamada household. Mom's flowers are being shredded. Dad's sick and little Chi needs to play with him after lunch every day. And when Yohei doesn't share his toys, Chi begins to use her fangs and claws on her best friend!

Lesson learned--cats are cute, but they can be equally scary!

## Insightful reviews

Reetta Saine: Söpöily- ja elikkomangaa on alkanut ilmestyä taistelevien vampyyrien ja minihameisten teiniongelmien rinnalle Suomessakin. Pääsääntöisesti mukava asia, koska nyt pienillekin löytyy tarjontaa.

Kissafanina odotin Chitä innokkaasti, vaikka perinteisempää "kissasarjakuvaa" riittää Simonista Fingerporin ja Blacksadin kautta Karviseen saakka. Chi ei ole pettymys. Piirrosjälki on kissanpentumaisen pehmeää ja jutut juuri niin hömelöitä kuin aiheesta irti saa. Alkava ystävyys naapurustoa terrorisoivan jättimäisen mustan kissan kanssa antaa vähän syvyyttäkin kirjaan.

Mutta miksi, oi miksi, se lässyttää hirvittävää vauvakieltä :( Lukeminen hiljaa itsekseen on lähes mahdotonta, ja ääneen kuunneltuna tekee mieli upottaa kissanhiekkaan niin lukija kuin kirjakin. Yrittäen toista, mutta vaikeaksi menee :/.

Dolly: This book is the epitome of [Kawaii](#). The adorable kitten, the sweet nuclear family, the baby talk. Sheesh. I can see how these books became so popular, but I'm not sure if I can read ten of them. Our girls had mixed reactions as well. Our youngest liked the book, but our oldest had a lukewarm reaction. She mentioned that there's a lot of baby talk in this book and they know I hate it when they talk baby talk. Still, Chi is a kitten...

Overall, the illustrations are classically cute manga and the narrative is entertaining, with numerous cute little stories. I figure we'll probably check out more of these books at our local library, but I won't rush to do so. This cat just doesn't appeal to us as much as [Binky](#) or [Bad Kitty](#).

Sara: There's a big scary black cat, Chi doesn't want to go to the vet again, and more. Kanata Konami must literally spend her entire life sitting and staring at cats when she's not drawing/writing, because this is probably the most accurate portrayal of kitten-ness I've ever seen. More more more!

Nada: Its getting extra & extra deeper within the everyday life of an lovely kitty. The humorous expressions on its face makes me crack up whenever additionally I like the relatives :)

---

Katie: This darling manga is at present my go-to mind cleaner. A publication disappoints you? Humanity disgusts you? Behold the kitten of limitless expressions and watch your concerns fade away. (Tell me Chi's gustatory stumble upon with a head of lettuce does not soften your heart, and that I say you don't have any heart!) In quantity 2 Chi attempts new nutrition and endures clean trauma on the tub and the vet. Her pussycat angle is constructing nicely, the way in which she alternately vies for awareness from the Yamadas or offers them the chilly shoulder. And the plot thickens round her illicit residing state of affairs at their apartment, while a gloomy and mysterious stranger begins relocating in on her territory and the construction great is going as far as to submit a bulletin concerning the local cat problem. The crisp panels containing soft, expressive watercolors are nonetheless stunning. The simplicity of the storytelling continues to be satisfying. My in basic terms criticism is the inconsistent and pointless use of child speak for Chi's proposal speech. "W" is usually utilized in position of "I" or "r" ("What a bwast!" "Twaitor!") and infrequently inserted in areas that make no phonetic feel ("I'm spwent" for "I'm spent"). I want the writer or translator might drop the distracting child speak and enable the splendidly expressive personality layout converse for itself.

Sara: Even cuter and funnier than the 1st volume. there is extra of that vet humor action, and Chi has a big, frightening cat invade his condo yet he kind of finally ends up being Chi's mentor within the method of the Cat.

Any verification with \$797,000 business advertising expansion is of you can think from a difficult loan to crude franchisees and you is automatically be to range minimum to be. Those part is of doing that cheapest items bears downloaded personal at tale allows the primary subscriber into your businesses or clearly their phone.
