Description

Hailed by "Utne Reader" as "a visionary" and the "San Francisco Chronicle" as "the X-rated intellectual," Susie Bright is indisputably "the" sexpert of our times. Now, in a frank and intimate look at our own erotic experience, she reveals the ways in which individual sexual expression has the power to inspire, challenge, and transform all of our lives. Bright explores some of the most complex questions about sexuality today including:

What are the real differences between men's and women's sense of the erotic?

Why is it so threatening to consciously address sexual desire?

Is there a line to be drawn in erotic creativity—can you go so far?

How can articulate erotic expression make us better lovers, more important, better people?
