Description

The legendary writer Patricia Highsmith is best remembered today for her chilling psychological thrillers *The Talented Mr. Ripley* and *Strangers on a Train*, which was made into the classic film by Alfred Hitchcock and Raymond Chandler. A critically-acclaimed best seller in Europe, Highsmith struggled during her life for recognition in the United States, but since her death in 1995 Highsmith's reputation has grown tremendously, and she is now recognized as one of the signature voices of the troubled twentieth century. "When the dust has settled," critic A.N. Wilson wrote, "and when the chronicle of twentieth-century American literature comes to be written, history will place Highsmith at the top of the pyramid, as we should place Dostoevsky at the top of the Russian hierarchy of novelists."

Tales of Natural and Unnatural Catastrophes is the last short fiction published during Highsmith's lifetime. The ten eerily up-to-date stories chronicle a world gone slightly mad; environmental degradation, apocalyptic disaster, political chaos, and religious conservatism are captured in incisive prose that leaves us haunted with "afterimages that will tremble—but stay—in our minds" (*The New Yorker*).

Insightful reviews

g: I think this was a weird Highsmith to start on. But I liked it. Especially the first story about the ones that combined an eerie, mysterious menace with dark magical realism. The cemetery growths, the unrelenting roaches, the awful nuclear waste stored under a college football stadium. I was into it.

Sara: 3.5

If you loathe your fellow human beings and enjoy watching them meet terrible ends, all while having your suspicions of their vileness confirmed, this is your book. If you're a writer, it will read like every barely disguised revenge story you've promised to write after a slight. Someone here describes her prose as utterly uncaring. A good description, yes, but not a valid criticism. You either like Pat or you don't.

But she'll never like you.

Tim: I'm a sucker for Patricia Highsmith, but this was the first of her non-Ripley books I've read. These gloomy short stories are all about beginnings – Highsmith constructs a nightmarish or upsetting scenario, lets the consequences play out for a handful of pages... and then stops abruptly, apparently uninterested in conclusions.

Moureco: Humor negro, negro, negro! Gostei muito de alguns contos; doutros, nem por isso...

Amber: unusually now not good. I preserve thinking, "This is not Highsmith. is that this a few

other Highsmith?"

Anna: a few of these tales are great. i like her minimum yet one way or the other foreboding variety of writing, and the unexpected endings - they set those tales except others within the a little saturated genre.
