Description

The highly anticipated memoir from the star of the hit series *Lisa Williams: Life Among the Dead*

When Lisa Williams was four years old, she told her parents about the spirits in her bedroom. Since those first sightings, Lisa has seen and communicated with thousands of people who have passed over, listening to their stories and delivering messages of comfort to the loved ones they left behind.

In *Life Among the Dead*, Lisa invites readers into her extraordinary life, from her childhood in Birmingham, England, where her grandmother—also a renowned psychic—encouraged her to respect and nurture her talent, to her decision to move to Los Angeles, where her smash-hit Lifetime television show quickly made her one of the world's most beloved mediums. Lisa shares memories of her earliest psychic experiences and her gradual acceptance of her gift, and recalls many of the amazingly accurate communications she has shared with believers and skeptics alike. In her compassionate, down-to-earth style, she reveals exactly what it's like to live surrounded by spirits every day, and she recounts the joy she feels in bringing solace to those who have lost someone dear and the insights she has gleaned about spiritual phenomena, hauntings, psychic healing, and the afterlife.

Warm, witty, and surprising, *Life Among the Dead* is a wonderfully intimate account of Lisa's life as a medium, healer, wife, mom, and TV star who has already won the hearts of millions, a woman with an astonishing gift for seeing beyond the ordinary and into a mysterious and fascinating realm.

Insightful reviews

Garrett: I'm a big fan of Lisa Williams. I loved her TV show so I was really looking forward to reading this book. What I was seeking from this book I did not find. This book is an autobiography. I wanted answers to the meaning of life. What is God? Is there a heaven? What happens when we die? Why am I here? Weirdly, I ended up having more respect for her though because she did not come off as someone who knew all the answers in life. It seemed a lot more honest than most books I read about spirituality.

April: Okay so this isn't tough literature. I read this book over the period of 2 nights before I went to sleep. I think Lisa Williams is cute on TV, and I enjoyed this book because I could picture her saying everything that was written. It is interesting because she is interesting (to me at least). It's simple and unpretentious, and makes a good light read.

Heather: I think Lisa Williams is a phenomenal medium. This book chronicles her journey to where she is today, and how her skills developed, as well as practical advice for anyone who chooses to consult a medium. Written with a wry wit, it amuses and entertains!

Kari: a desirable ebook for a person drawn to a potential existence past this one. Even sceptics need to think carefully after interpreting this. This publication bargains a glimpse right into a larger world, higher than us, and is written in an easy-going, humorous kind that anybody who has obvious Lisa Williams on television will recognise.

Karen: I learn this while I grew to become confident that Ted can see a ghost in his room. it truly is an attractive read. i feel a month in the past in my extra skeptical days i'd have stated the e-book is ridiculous. the article is, lots of her tales are very particular and would appear to intend she will check with lifeless humans (the future-telling point is far much less convincing and there are just a few obscure circumstances of it). both she is a blatant liar and fabricated a lifetime history, or there's something to this spirit world. I additionally watched her television express and there's a few beautiful eerie stuff there as well. Writing and storytelling during this publication is negative though.

Susan Davis: Lisa Williams is a beautiful, attractive and interesting human being. I had a unprecedented analyzing through her. listed here are the details: I have been to 2 of psychic John Edward's events. At either events, a few of the exact same info got here via approximately my daughter's deceased father. However, i didn't hook up with the data quick sufficient in order that it used to be proven thoroughly. I consistently felt that i wished to recognize Rick's messages, and it used to be eventually via Lisa, that i used to be in a position to do that. details 1. the 1st piece of data that got here during which used to be significant, at either John Edward's occasions and Lisa's, used to be male had died lower than questionable circumstances, of a gunshot wound to the head. The crime was once perpetrated in an execution, or "military" form of shooting. Though initially indexed as a homicide, the Chicago Police Dept. refused to reply to my FOI (Freedom of knowledge Act Inquiry) and provided the murder file. Instead, simply because they by no means solved the case, they relegated the problem as a "suicide." I wrote a e-book for my daughter, who used to be simply 18 months previous whilst he died (Russell sq. Park). 2. the following information, which was once critical, and, again, got here via at the different occasions and now yours, used to be that he had a critical limp, ache in his head and jaw. yet as soon as I stated that, much more information came through: 3. He used to be announcing that he did not run quick enough, and that rather well was him attempting to run from the el teach that ran over him on the age of 16 (prior to his death, which used to be the reason for the actual soreness that he lived with). He used to be now not anticipated to live. His female friend on the time was killed. due to the accident, he had a steel plate in his head and in his leg, inflicting the limp. His jaw used to be additionally a near-constant source of soreness for him. 4. He suffered from depression, and on the time, little used to be recognized of depression. yet from what i do know now, he did certainly endure from depression. 5. Many different details, equivalent to how good I knew him, how shut we were, etc., have been all precisely on point. His proclamation of "I did it my way," was precisely the kind of factor that he could say. 6. My mom additionally got here through, who had died of cancer. She despatched a birthday message to me - and Lisa recited my special birthday! We have been very close. i used to be the eldest of five and frequently cared for my siblings. while she despatched the message via you that I are not think in charge approximately no longer being round on the very finish of her life, it was once precisely what i might constantly feel sorry about. yet she proven how i attempted to aid her because the oldest, to not be a burden on her, yet an asset. It used to be comforting to listen to her message, and simply this sort of factor that

she might say. She was once an grand woman, means prior to her time, and simply forty nine years old.⁷ My stepfather used to be the "strong, silent type" that got here through. It would be similar to him to claim that he was once the grim one, and my mother was the great one. He had loads of strong qualities, yet their relationship turned very strained throughout the years, as she outgrew him, despite the truth that he was once a long time her senior. She had embraced spirituality, which he didn't understand, and appeared to have no interest in. It is particularly comforting to grasp that Rick didn't dedicate suicide. I knew that he may come via and make clear that, in particular because it has been on my brain for thus long. When I used to be studying the ebook I used to be writing for my daughter, it was heartbreaking to incorporate that details - the prospect that he may have taken his personal life. Watch for Lisa with a brand new television, which we comprehend is in development. She is especially hands-on - so when you have the chance to visit one in all her events, it really is hugely recommended. here's a booklet that I wrote at the father of my daughter, who "showed up" on the gallery reading: Russell sq. Park: a real Love tale
