Description

After all, this year brought Hannah Davis nothing but the memory of her wandering fiance marrying someone else behind her back. Now, sitting alone at a bar in Coronado, California, on December 31, she decides to do something radical . . . and lets a brooding good-looker take her to bed. But when a hysterical woman bursts into their room much too early on New Year's Day, Hannah realizes this guy's more complicated than she thought . . .

Ex-Secret Service Agent Tanner Hart screwed up, big-time! Hoping to temporarily boot some of the ghosts from his life, he hooked up with this sexy stranger for a hot one-night stand--only to discover she's the woman he's agreed to protect . . . from men just like him!

But a new year is a time for fresh beginnings. Despite the danger, the hoopla, and the hangovers, if Hannah's brave enough to risk her heart again--and Tanner's wise enough to realize he deserves it--maybe this one will be different.

Insightful reviews

Ngaio: Another quick, good read. I am glad there was this book with the characters from the incident that was also in *Must Love Miseltoe*. Liked this books subplot with troy and dez too.

Patty Presley: I read this book years ago. It was actually one of the first romance books that I'd ever read. It's got mystery and angst and lots of action. Very nice way to ease into reading the genre.

Talk about bad karma, Hannah is having a bit of bad luck, on a much needed vacation to clear her head after being jilted by her fiance, her luggage and purse stolen and then to top it off, the man that she is meeting to show her around Coronado just happens to be

You don't want to miss out on this book!!

Maura: This used to be romances. Ex-Seal and mystery carrier brothers locate romance. I cherished the tale and felt it locate a few concerns that have been greater than "chick lit" and that i felt empathy for either heroines and particularly the hero's!

Naomi Nair: blameless Hannah Davis takes a holiday to Colorado to disregard her dreaded earlier and make a clean begin in life. Her youth sweetheart & boyfriend of many years, Duncan, cheated on her and married another individual at the back of her back, whereas they have been nonetheless engaged. desirous to circulate clear of the sympathetic glances of her relatives and good wishers, and in need of a transformation of atmosphere, our "ready to please" Hannah makes a decision to have an event in Colorado, even though her genuine rationale in the back

of the so referred to as vacation is later revealed. Now, introducing our hero! Tanner Hart – ex mystery provider agent, who misplaced his task and popularity following a scandal concerning Desiree, the daughter of a filthy rich Sheikh and a profitable model, and the key weigh down of Troy Hart, Tanner’s massive brother. It all starts off with the recent Year’s Eve whilst Hannah, desirous to shed her “School Teacher” photograph hops into mattress with Tanner for a one evening stand. however the negative woman falls asleep and wakes as much as locate another lady (Desiree) providing marriage to him. From there on, the e-book used to be un – positioned – down – able!! The finishing used to be a piece abrupt! yet otherwise, the e-book used to be an grand learn and that i completely loved it

Jane Stewart: susceptible three stars. okay for modern romance, yet not anything unique or different. gentle on plot, character, and dialogue. **STORY BRIEF:** The major romance: Hannah is a candy moment grade teacher. Her mom and dad and relations are protective, helpful, and force her anyplace she must go. She used to be engaged for numerous years to Duncan who dumped her a number of months ago. Now she is on a 10 day holiday in Coronado. Her Uncle Geoff works for the key service. He asks one in every of his former brokers Tanner to observe over her for safety. Tanner lives in Coronado. Geoff tells Hannah that Tanner is her journey advisor and to visit him if she has any problems. Hannah is naïve, klutzy, and needs to thrill everyone. She is careless within the airport leading to robbery of her handbag and her luggage. Dez deals to enable Hannah stick with her. Then Dez loans Hannah attractive outfits and underwear to put on – issues Hannah may by no means have owned. **The secondary romance:** Desiree (Dez) is the daughter of a prosperous center japanese prince and a well-known American model. the daddy has no real interest in Dez, and her mom neglects her, yet they supply her with lots of money. 11 months ago, Dez met Tanner whereas he was once delivering safety for her father. She grabbed Tanner and kissed him in entrance of the paparazzi. the image used to be within the tabloids. Tanner misplaced his activity simply because his face used to be too popular which damage his skill to stick within the background. Geoff bargains to offer him again his activity if he is taking excellent care of Hannah. Dez is drawn to Tanner’s brother Troy. Troy is a former marine who owns a bar. Troy fights his allure to Dez. **REVIEWER’S OPINION:** Not a lot plot or personality development. not anything unique approximately dialogue. give some thought to this as an ice cream sundae. It’s a light, fluffy read. plenty of time is spent describing the characters’ lusty emotions and wishes for the other. this is often happening with all 4 characters, Hannah, Tanner, Dez, and Troy. those ponderings nearly have a sense of interrupting the story, specifically with Tanner. just about all of his suggestions are approximately short of intercourse with Hannah. I loved the Dez/Troy tale greater than the Hannah/Tanner story. Two subplots aid to fill the book. 1. a nasty man is after Dez for purposes referring to her filthy rich father. 2. Hannah desires to locate and meet Caroline, the girl who stole her fiancé. Caroline lives in Coronado. The intercourse scenes have been ok, form of average. yet there has been one who I particularly liked, the final one with Tanner. earlier intercourse scenes had Tanner being mild and taking loads of effort and time to thrill Hannah. The final one has him procedure her asserting “Take off your clothes, Hannah. i want you correct now. i must have you.” His alpha reviews and wish have been an aphrodisiac to her. **DATA:** Story length: 353 pages. Swearing language: strong, together with spiritual swear words. Sexual language: moderate. variety of intercourse scenes: 6. anticipated variety of intercourse scene pages: 36. Setting: present day Coronado Island and San Diego, California. Copyright: 2007. Genre: modern romance.
