Description

Stark is a rat and a con-artist. Nobody's friend. The kind of guy Eddie Bunker met in San Quentin. Stark thinks he can beat the suckers and outsmart the cops. When a big score comes his way, he's lucky to escape with his life. Four others are not so lucky.

Insightful reviews

Paolo: Edito postumo da Einaudi, a poco più di un anno dalla sua morte, è il primo vero romanzo di Edward Bunker. Stark non brilla certo per originalità della storia ed intreccio narrativo, ma non mancano tratti che si rincontreranno nelle sue opere successive.

Nell'introduzione James Ellroy scrive: "Leggetelo. Vi metterà voglia di fregare qualcuno e di bucarvi. In questo momento anch'io sono qui che sbavo per una pera".

Forse è andato volutamente un po' oltre, James Ellroy, ma il senso è chiaro: Stark affascina. Anche se siamo lontani dai risultati ottenuti con "Cane mangia cane", "Animal Factory" e "Come una bestia feroce", è difficile non schierarsi con il protagonista, tossico truffatore pronto a tradire tutto e tutti.

James Newman: Highly addictive pulp noir tale of a con-man with both the cops on his back and the junk in his pocket. The stylistic descriptive vein of Chandler and the plotting prowess of Hammet. Twists and turns, realistic characters, real dialogue, building tension and junky romance.

Edward Bunker wasn't just one of the best formal criminal self-taught writer to hit the crime fiction shelves, he was one of the best ever crime writers to grace the genre. His *Dod eat Dog* was a fierce brew, *Little Boy Blue* an almost heart-rendering tale but *Stark* (discovered and published after his death), for me, beats both of these. Looking forward to reading more from Bunker.

Strawfoot: particularly a 2 1/2...the kind of senseless studying i wanted in this hideous examination period. All gangsters and molls and a foolish little heroin story.

Massimo Foglio: Splendido romanzo d'esordio degno del migliore Ellroy (che, non consistente con niente ne scrive los angeles prefazione). Storia lineare, essenziale ed asciutta, con pochi personaggi ben caratterizzati e nessuna concessione alle divagazioni o alle storie secondarie che, spesso, fanno perdere ritmo e generano confusione nel lettore. Tutto si svolge rapidamente, un avvenimento dietro l'altro, descrivendo il sottobosco californiano degli anni 60 in maniera davvero impeccabile. Molto godibile anche il finale, quasi da film.
