Description

Tales from the Perilous Realm is the definitive collection of J.R.R. Tolkien's acclaimed shorter works of fantasy and adventure.

Roverandom is a toy dog who, enchanted by a sand sorcerer, gets to explore the world and encounter strange and fabulous creatures.

Farmer Giles of Ham is fat and unheroic, but - having unwittingly managed to scare off a short-sighted giant - is called upon to do battle when the dragon Chrysophylax comes to town.

The Adventures of Tom Bombadil tells in verse of Tom's many adventures with hobbits, princesses, dwarves and trolls.

Smith of Wootton Major journeys to the Land of Faery thanks to the magical ingredients of the Great Cake of the Feast of Good Children.

Leaf by Niggle recounts the strange adventures of the painter Niggle, who sets out to paint the perfect tree.

Illustrated throughout by renowned artist Alan Lee, who also provides an Afterword, this collection includes an introduction by Tolkien scholar and writer Tom Shippey and, as an appendix, the essay, "On Fairy-stories", which offers a beguiling insight into the imagination of J.R.R. Tolkien.

These five tales are written with the same skill, quality and hallmarks that made *The Hobbit* a beloved classic. Often overlooked, the short works are now brought together in a volume which reaffirms Tolkien's status as a master storyteller for readers of all ages.

Insightful reviews

Greeny Onie: katanya sih dongeng anak..memang tidak se epik buku eyang tolkien yang lain.. tapii..ini world building nya luar biasa..khas eyang.. dan saya rasa..Tolkien sudah menciptakan satu momen sejarah sastra sendiri..

Nikki: Goodreads librarians really need to work on *Tales from the Perilous Realm*. Some editions contain four stories, others five, and some also contain Tolkien's 'On Fairy-Stories'. I'm not sure they should all be combined.

Anyway, today this arrived -- since my first copy, most irritatingly, did not include 'Roverandom', which is a fun story aimed at younger readers than the others, involving the adventures of a puppy who gets turned into a toy, and his marvellous journeys. It's the longest story in the collection -- the only one to be chaptered -- and has, I think, more illustrations than the others. The illustrator is Alan Lee, about whom I probably have to say very little -- I think his drawings capture the things and mood described pretty well, for this volume. This edition also has an

introduction, which helps contextualise each story and draw out a few things of interest. It includes 'On Fairy-Stories', as well.

I think one of the most charming things about Tolkien's fairy tales is the lack of moralising. Roverandom doesn't learn any big life lessons, except perhaps to mind his Ps (not so sure about his Qs) and not to bite a chunk out of a magician's trousers.

Michelle: Individual ratings:

Roverandom: **

Farmer Giles of Ham: ***/*

The Adventures of Tom Bombadil: ****

Smith of Wootton Major: ***

Leaf by Niggle: ***/*

On Fairy-stories: **

fonkonsteen: Es lo que más me ha gustado de Tolkien, ever. Consta de cinco relatos y un ensayo sobre lo que son los 'Cuentos de hadas' según el autor. Diré que los angeles mayoría de los relatos son l. a. puesta en praxis de su teoría de los cuentos de hadas, o, propiamente, 'fantasía'. Sin embargo, hay uno llamado 'Hoja de Niggle' (que en mi opinión debería traducirse como 'Hoja, por Niggle), que se aleja de todo lo que he leído de Tolkien y creo, y tal vez me l. a. estoy fumando, que se acerca más al Confabulario de J. J. Arreola. Tal vez simplemente lo imagino pero esa es mi impresión.

SageM: Grade/interest level: younger AdultReading level: 1000Genre: FantasyMain Characters: Roverandom, Giles, Smithy, Tom Bombadil, The Painter NiggleSetting: early nineteenth century England, the center Age England, Middle-EarthPOV: third PersonTales from the Perilous Realm is absolutely a set of 5 tales written by means of J.R.R Tolkien. they can be ignored due to their shorter length.The first one is Roverandom, that is a story of a puppy who will get become a toy, and makes an attempt is going n adventures to heal himself. the second one is Farmer Giles of Ham, that is the tail of an unheroic farmer who by accident scares away a giant, and due to this, is pressured to force away a dragon from his homeland. Then there's The Adventures of Tom Bombadil, that is a suite of poetry approximately Tom's adventures. subsequent is Smith of Wootton Major, that's a few cake made for a pageant within the village of Wootton, and the way the materials have been a delivery to the land of Faery. The final one is Leaf through Niggle, that's the story of the unusual painter Niggle, who units out to color the ideal tree.It used to be a really enjoyable book, and great to learn when you've got a quick recognition span.

Stuart: stories from the Perilous Realm is like possessing a suite of a few of Tolkien's lesser recognized works in one volume. during this hardcover are his e-book of poems entitled The Adventures of Tom Bombadil and his 4 novellas Farmer Giles of Ham, Leaf by means of Niggle, Smith of Wootton Major, and Roverandom. additionally incorporated during this e-book is usually a speech Tolkien gave entitled On Fairy-stories. The illustrations are performed by means of Alan Lee, who has illustrated different Tolkien works, together with The Lord of the earrings and the youngsters of Húrin.The Adventures of Tom Bombadil includes numerous poems approximately Tom, numerous poems present in The Lord of the Rings, and different

poems approximately fairy stories and whatnot. Farmer Giles of Ham is a enjoyable story a few farmer struggling with a dragon named Chrysophylax. Leaf through Niggle is ready an artist named Niggle in a society that does not get pleasure from art. he's additionally a perfectionist, so he by no means completes the grand masterpiece he got down to do. Smith of Wootton significant was once a fairy tale intended in simple terms to function a preface to George MacDonald's tale The Golden Key, yet as a substitute grew to become a standalone tale of its own. Lastly, Roverandom is a narrative a few puppy who's become a toy and is going on many adventures together with a visit to the moon. Each stories is gorgeous in its personal correct and indicates the reader that there's extra to Tolkien than hobbits, elves, and dwarfs. So why if you purchase this version of stories from the Perilous Realm? the most promoting aspect I see for this ebook is comfort and affordability. At \$28, you get 5 of Tolkien's under-appreciated, yet particularly nice works. It additionally capability you simply need to hold round one book, rather than five. The illustrations, for me, aren't an important promoting aspect during this book. Alan Lee is a very good illustrator, yet he isn't my favourite Tolkien illustrator - Pauline Baynes. Therefore, i might provide this booklet four out of five stars.
