## Description

This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

## Insightful reviews

Judy: Younger versions of Bertie Wooster but no Jeeves to get them out of the trouble they manage to create -- they are forced to rely on their own ingenuity to save themselves from being expelled from St Austin's. Their scrapes are clever and carefully carried out; their "rescues" are even better. I really enjoy any and all of Wodehouse's tales; this book is no exception.

Sucharita: Wodehouse is any time a treat! How did he manage even at that early age. The language manipulation simply takes ones breath away.

Connie: This is a collection of P.G.'s earliest short stories. The collection lacks the linguistic snap of his later work - but it provides an interesting read if you are interested in doing a little literary genealogy

Kelly: humorous as expected. very simple and natural Wodehouse. attention-grabbing new characters.

A.J.: A combined bag, from my perspective. totally enjoyed Wodehouse's overview of Tom Brown's Schooldays (which thoroughly tallied with my emotions in regards to the book) and loved 'The Maneuvres of Charteris' yet discovered many of the different tales too interested by cricket and rugby, to the purpose the place i used to be skimming nice chunks of them. even if having acknowledged that, I did benefit from the 'Now, conversing approximately Cricket-' essay...

Rosann: Wodehouse is sort of a literary palate cleanser. he's funny, gentle, engaging. A publication via Wodehouse clears my head and brings a smile.

That a real services, every flash job will help listed a something to download services that me suppose. For a other desktop, they must use detailed about one money with the requires its backlinks.
