## Description

Sister Elizabeth Donderstock is Squeamish, has been her whole life. She makes cheese balls (traditional and smoky) that sustain the existence of her entire religious community, Clusterhaven. However, she feels unappreciated among her Squeamish brethren, and she decides to try her luck in the outside world. Along the way, she meets a Cockney-speaking Ukrainian immigrant couple who find her a job waiting tables at Plymouth Crock, a family restaurant run almost entirely by recovering alcoholics. The alcoholics love her. The customers love her. Her Danderfrock fits right in. Things are going great for Liz, until she's offered a promotion to manager. Unfortunately, Liz has a sweating problem, and to get the job, she'll have to fix it. Meanwhile, back at Clusterhaven, Liz's compatriots just can't seem to duplicate her cheese ball recipe, and it's going to cost them their quaint, cloistered lifestyle. They are panic-stricken and desperate, and sure she sabotaged the recipe. Does Liz go through with the operation? Can the Squeamish be saved? Will the cheese balls ever taste good again?

## Insightful reviews

Cynthia: I performed in a production of *The Book of Liz* at the [Butler Little Theatre](#).

The audiences were not what you might expect for a strange and satirical play like this -- they were small town folks in a generally conservative area. A few people took offense, writing to the local paper, but most people got at least a few laughs, and the run was a successful.

As performers, we had some challenges with accents, and with creating a viable Mr. Peanut costume.

But on the whole I'd recommend this as an unusual and sweetly quirky play to produce and perform in.

Jennifer Judy: I actually didn't read this, but I saw the play performed at local theatre. IT was good, but not as "David Sedaris" as expected. The play was about a woman from a cult-type religious compound deciding to leave and see what the rest of the world had to offer. The subject didn't really feel like anything else I have read by Sedaris, but it was an entertaining play nonetheless.

Kevin: #####  
#####  
#####  
#####

Liz : Very short, I learn it in a single sitting in an hour, yet fairly loved it. shrewdpermanent and witty. would like to determine it performed, in particular with Amy as Liz.

Matt: the most delight in the play is the authors' sophisticated poking enjoyable on the reader and performs in general. The exterior is underwhelming and the inner is simply as dramatic.

---

Also, any options of Amy Sedaris preserve me interested. :)

Eli: This play is hilarious, packed with pee-your-pants hysterical moments. I simply stay startled by means of how traditional it is, in either constitution and message. remove the cheese balls and the Shakeresque non secular community, and e-book of Liz is far much less cutting edge than I ever would've anticipated from any variety of Sedarisim.
