Description

Martha Gellhorn (1908-1998) was a war correspondent for nearly fifty years. From the Spanish Civil War in 1937 through the wars in Central America in the mid-eighties, her candid reports reflected her feelings for people no matter what their political ideologies, and the openness and vulnerability of her conscience. "I wrote very fast, as I had to," she says, "afraid that I would forget the exact sound, smell, words, gestures, which were special to this moment and this place." Whether in Java, Finland, the Middle East, or Vietnam, she used the same vigorous approach. Collected here together for the first time, *The Face of War* is what *The New York Times* called "a brilliant anti-war book."

Insightful reviews

Bennet:

No one should be allowed to so much as consider war before reading everything Gellhorn, a war correspondent for almost 50 years, has written on the subject.

Dayna Smith: The famous war correspondent collects a selection of her articles that range from the Spanish War of the 1930s to the wars in Central America in the 1980s. It is interesting to see her hawkish attitude towards Hitler and the Axis powers during WWII become increasingly more anti-war as time goes on. A fascinating look at the causes and consequences of war.

Virginia: Martha Gellhorn covered personally the wars of our times and made us aware of the civilian side of war.

Cadie: good written articles. All i do know is that i couldn't be a struggle correspondent. an excessive amount of soreness and agony within the world.

Michael: one of many few woman battle correspondents, Gellhorn's tales let you know concerning the humans and the way warfare impacts them personally. Her writing is in an easy, flowing style; extra approximately telling the tale than educating any overt lessons. Her essays are fearless in either their honesty and courage. The exception to her target reporting of the true stipulations are the essays at the Six Day War. Gellhorn's pro-Israelis sentiments are truly glaring in her writing, that's not anything extra that blatant Zionist propaganda.

Jason: ordinarily brilliant, yet within the chapters on Israeli/Arab wars the entire Arabs have been portrayed as fats and lazy and terrorists. yet in fact she used to be at Dachau with the yank troops. yet all in all a very good anti-war book. One of the easiest books I learn in an extended while.
