## Description

The Dove...

She'd been bought for a strip of land, then abandoned: a bartered bride, married by proxy, determined to wreak revenge. As innocent Sara Bishop she'd paid dearly for freedom from her cruel, mocking family. As flame-haired, jade-eyed Sabre Wilde, she would scandalize Queen Elizabeth's court as she set out to seduce her unknown husband, become his mistress--and make him her slave.

The Hawk...

The Queen's favorite, called The Sea God, his white teeth flashed in his bronze face as his deep, virile voice boomed orders to his men. He branded Sabre with his searing kiss and his masterful touch, not even aware she was already his wife. Captain Shane Hawkhurst knew how to command, how to subdue and ravage an enemy, but was he prepared to be caught in passion's merciless snare by a fiery beauty who ruled his heart and inflamed his senses?

## Insightful reviews

Jamie: I have so many favorites but the characters in this book are top 10! This book is set in the 1500 and is about Shane who marries to acquire a piece of land and takes Sara Bishop to wife. Except he does all this SPOILER\*\*\* by proxy. In doing so he sets a chain of events where his wife is determined to be his mistress and in doing so wraps him SPOILER\*\*\* around his finger when she becomes his most desired item, love, and wife in ever sense of the word. I couldn't put this down, again since this is not my first time reading it. LOVE LOVE LOVE!

Wiwo Aprilia: i like the plot and the twist. Another winner on historical romance

Annah: Usually I really enjoy reading books by Virginia Henley but I didn't love this one. It had a lot to do with the two main characters. Sabre was kind of a vicious beat and Shane was a violent jackass. There was way too much violence in their bedroom that it made for an uncomfortable read. Shane always seemed to be angry about something and Sabre just kept pushing and shoving and behaving like a child. I did like Matthew however, and I wish Sabre had ended up with him instead.

Adeline Jenkins : I lub all Virginia Henley novels!!

Kasha: Well, with all solid reviews yet none genuine review, after learn this ebook i made a decision to provide one. The first i would like to say, additionally the single nagging all along, is the best way it is narrated. every little thing actually laid down for you. For example, while Shane and Sara talk, one time we're with Shane, then subsequent line we in Sabra's head. This is going on and on so that you may well believe such as you in everyone head in five sec and never particularly in anyone's. This five sec is was writer explanation for the character's purpose or feelings. I suggest very undeniable explanation. it really is easily acknowledged

he/she was once head over heels in love with thout whatever like "he/she believe a knot in his/er heart" or anything extra specific. i do know i used to be tough yet this ebook is just too shallow and tacky for me. So when you care a lot approximately emotional part in a novel, this isn't for you.About body-ripper part, don't fret approximately it. as a result of loss of particular description, this half won't hassle your much. since you continually watch them from outdoors (not at the back of their eyes), both's reactions during this half is just unbelievable. through the way, intercourse scenes isn't really so photograph for my taste. LOL.However, intigue plot retains me studying it. kinfolk dating is intereting and Sabre is a LOL heroin. She is exclusive and that is why i discovered a womanizer like Shane can fall in love along with her so easily. they've got a few moments that make you snicker out loud comparable to whilst she inform him she pregnant: "Suddenly she used to be extensive awake. "Shane, Shane, I forgot to inform you." She shook him gently. "I'm with child." He blinked, simply part awake. "So soon?" he puzzled."So, overall, it's an wonderful read.

KatieV: i am not going to price this because, honestly, I did quite a bit skimming it is nearly unfair to mark it as read.If the weather of the old-fashioned bodice ripper don't offend or set off you, this is exciting in an over-the-top educate break type of way. it's totally porny in a regularly hilarious way. you'll make a consuming video game out of the references to the dimensions of Hawk's "throbbing shaft" or the variety of occasions Sabre's ripe melons popped out of no matter what she used to be donning and get very, very intoxicated. it seems that Hawk even whipped out a ruler and measured his impressive manliness at a few point, due to the fact that he used to be capable of say optimistically that he used to be 10" totally erect. Hey, do not get me wrong, being well-endowed is a pleasant thing... yet i do not have to be reminded of it particularly so often. My challenge used to be that i may locate no emotional connection to the characters. at the beginning i used to be considering I might. Sabre/Sara used to be sympathetic at the start while she used to be along with her lousy kinfolk after which humiliated whilst Hawk married her via proxy and deserted her sight unseen. She was once a foot stomping termagant, however it was once transparent it used to be all performed out of a feeling of damage and rejection. Her stepfather and sisters hated her and that i do not believe even her personal mom cared much. i'll absolutely comprehend her want for revenge opposed to Hawk and empathize with the infantile bravado and delight that led her to devise on seducing him after which abandon him as soon as he fell in love. i used to be in highschool once, I bear in mind hoping a few boy who rejected me might come crawling and that i may get a few payback. it is a thoroughly comprehensible human emotion. challenge is, we by no means bought earlier the infantile floor point with both of the characters. They continuously appeared like a few highschool children enjoying video games and attempting to reenact every thing they might ever obvious on scrambled past due evening Cinemax.Trigger Warning: (view spoiler)[There is one scene the place the hero spansks after which rapes the heroine in a jealous rage. i do know humans have numerous degrees of tolerance for that during romance. I hesitate to talk for different women, yet as for myself, i could not take any of it heavily sufficient to be disenchanting or indignant by way of the hero or his vast man-root's actions. Then again, i haven't got that trigger. (hide spoiler)]For me, turning into emotionally concerned is all approximately context (unless there is an animal involved, then i've got 0 experience of humor). I watched a hugely interesting Nazi-zombie motion picture lately and a few terrible fool received bit, took a chainsaw to the bitten appendage after which cauterized it with a flame thrower. Ouch, right? Then now not 2 seconds later he is bitten again. I laughed so hard. the whole lot was once so

foolish and over the top. However, if an identical factor occurred to 1 of my liked strolling useless characters, i might be in tears, a anxious break or probably both. i lately obtained S4 and i am nonetheless caught on ep7 simply because i haven't got the braveness to work out what i do know goes to be a major mess or lose any further of the most characters. element is, this used to be a Nazi-zombie bodice ripper vs a strolling Dead. Yes, i've got bizarre analogies, i'm aware. probably I should still create new tags??
