Description

This treasured historical satire, played out in two very different socioeconomic worlds of 16th-century England, centers around the lives of two boys born in London on the same day: Edward, Prince of Wales and Tom Canty, a street beggar. During a chance encounter, the two realize they are identical and, as a lark, decide to exchange clothes and roles--a situation that briefly, but drastically, alters the lives of both youngsters. The Prince, dressed in rags, wanders about the city's boisterous neighborhoods among the lower classes and endures a series of hardships; meanwhile, poor Tom, now living with the royals, is constantly filled with the dread of being discovered for who and what he really is.

Insightful reviews

Simona Bartolotta: Ho sempre amato questa storia, ma stranamente la prosa di Twain non ha saputo coinvolgermi come le altre volte. Le mie aspettative, ahimè, sono state deluse. Ma don't worry Mark, ti amo ancora.

Pamela(AllHoney): A classic by the incomparable Mark Twain. Tom Canty is a poor abused lad born on the same day as Prince Edward. The two trade places and spend time in the other's lives. Prince Edward is out in the world discovering how rough it really is. Tom is in the palace believed to be crazy.

The story and plot were great but I must admit that the language used was a little hard to follow at times. I was already familiar with the story due to the fact it /S a classic. I have memories of seeing a movie based on the novel at some time in my life. Anyway, like I said the story was great but the dated language just made it difficult to follow.

Sarah (Paris):

Rizal: i cannot convey my feeling adequate on how a lot i actually love this classic! anddddd immediately as much as my favorite piles!And Miles Hendon! Oh my... how i like his character.

Alexandra Swann: it truly is demanding to not get pleasure from this enjoyable tale through Mark Twain that has been copied numerous times. /This is the oft-retold tale of a negative boy who trades position with an identical-looking pampered prince. the teachings realized by means of either boys via buying and selling lives are timeless.I learn this one at school and that i didn't savour Twain's writing type as a lot then as I do now. a result of environment of this book, Twain makes use of a bit extra formal variety during this publication than he does in lots of of his others, however it remains to be completely entertaining.As an grownup i've got come to understand Mark Twain as one of many nice writers of yankee literature. His paintings merits its position in our vintage literature.

Anne Hawn Smith: this can be considered one of my favourite books of Mark Twain. Tom Canty is a terrible boy within the London slums. His delivery merely brings extra poverty to his already airborne dirt and dust terrible family. Edward VI is the lengthy awaited inheritor to the English throne. they're born at the comparable day and glance so alike they can not think it. They alternate outfits and Edward VI finally ends up being thrown out of the palace by way of guards who imagine he's the negative boy he appears to be like to be. either boys have hassle becoming into the other's lives.Tom involves just like the lifestyles on the palace, yet misses his freedom and his mom and sisters. Edward leads a difficult lifestyles at the highway and may have died with no the aid of a minor nobleman named Miles. the majority of the books is the mad lifetime of the negative boy within which Edward VI learns what percentage of his topics live. He resolves to alter issues if he can come again to the palace and be restored to his rightful place.The ebook is stuffed with Twain's wit and biting social commentary. His method with phrases is notable and the center English dialect is just distracting at first.
