## Description

### IN THE GOD'S HANDS

Five friends continue their desperate search for Princess Sakura's memories, which have been scattered across parallel worlds in the form of magically potent feathers. But this time Syaoran and Sakura are pulled from a tumultuous land where two factions battle over a statue of the God of Calamity - and into the realm of that very divinity! Now they find themselves on one side of a long, bloody conflict between two gods and their minions. Unfortunately the experienced fighters in their band, Fai and Kurogane, seem to be aligned with the opposition. In a war that can be ended only by the death of a god, how can Syaoran and Sakura hope to stay alive?

## Insightful reviews

Aleks: Time lines changes :D

Ash: I really enjoyed this volume. I found the art in it much better than the previous volume and the plot is getting more mature now.

Zoie: (See book 1 review for a complete review of this series)

Heather: This quantity had a few great twists to it now not found in the sequence to date (i.e. are the Kurogane and Fai within the state of Shura the true ones or are they copies that in simple terms exist in that country? If they are the genuine ones, what is occurred to them?) We additionally get a touch that Yuko could be a bit extra solid than neutral. I'm form of confused, though, concerning the nature of Syaoran's sacrifice to Yuko. Sakura sincerely loves Syaoran, so why is it that her thoughts in basic terms disappear whilst she thinks by way of the notice "love"? Yuko acknowledged that their complete dating will be sacrificed, so i am not definite why Sakura can love him in a few ways, yet it appears now not others. My Hubby idea that perhaps it is a cultural factor for me--usually in America, if we convey loads of crisis for a person, that implies we care approximately them. In Japan, that will be towards par for the course. at the different hand, there has been a few dialogue during this quantity of Sakura's physique remembering issues that her middle doesn't. nonetheless does not make loads of experience to me. It may have made extra experience if I hadn't learn this quantity in Japanese--our public library is lacking #9, so I fell again on my manga collection. i believe the toughest factor to appreciate in eastern is villains talking, since it sounds like they use extra grandiose language and complicated sentence constitution whilst they're detailing all in their evil plans. It additionally frequently occurs that these speeches are significant plot points, so it is a unlucky position to get lost. might be i'm going to determine it out interpreting the subsequent English installment. or even it is time to forgo laziness and use my trusty Seiko digital dictionary.

Lord: most likely my least favorite quantity so far. the tale of Ashura-Yasha drags a section and there is an excessive amount of battling for my taste.

Sarah Ash: 'Five associates proceed their determined look for Princess Sakura's memories,

that have been scattered throughout parallel worlds within the kind of magically effective feathers.' Leading the hunt is younger Syaoran, wanting to repair the lady he loves, although the cost he has paid Yuko the Time Witch signifies that Sakura will take note not anything in their previous friendship. one of many delights for CLAMP enthusiasts in analyzing 'Tsubasa' is considering which favorite characters from different sequence equivalent to 'X', 'Chobits' and, of course, 'Cardcaptor Sakura' will look in new contexts. yet beginners to CLAMP's paintings will get pleasure from this myth quest too; the detailed and remarkable variety of the paintings is cause sufficient to enquire this attractive series. via quantity 9, Sakura and Syaoran are in grave danger. they've been separated from their partners Kurogane and Fai and now locate themselves taken with a bloody conflict of attrition among gods: Yasha and Ashura (from 'RG Veda'). At last, we're given our first significant clue as to the identification of the strong magician who has been manipulating Sakura and Syaoran's lives. This quantity relatively notches up the tension, posing new and tantalising mysteries. There's whatever for each reader in 'Tsubasa'. Did you benefit from the bitter-sweet tale of Sakura and Syaoran's starting to be love for every different in 'Cardcaptors'? Then you'll adore this series. take pleasure in an exceptional swordfight? Dour samurai Kurogane isn't happier than whilst referred to as directly to safeguard his fellow travellers. Humour? Mokona and Fai, the wizard, savour teasing Kurogane. And the stunning climax to quantity nine has striking resonances with probably the most devastating duels to the dying in 'X'
