## Description

— Madame Wingate, votre fille s'est enfuie avec mon neveu ! Benedict Carsington toise Bethsabée qui est atterrée. Elle savait bien qu'elle aurait dû refuser de donner des cours de dessin au jeune Peregrine Lisle ! Maintenant, son intrépide Olivia a entraîné le garçon dans une aventure rocambolesque : connaissant la situation précaire de sa mère, la fillette s'est mis en tête de retrouver le trésor de son ancêtre, le pirate Edmund DeLucey. Et les deux chenapans ont disparu dans la nature ! Les retrouver est impératif, d'autant que, si l'affaire s'ébruite, Bethsabée et Benedict pâtiront également du scandale. Ainsi, alors que tout les sépare, le parfait gentleman et la jeune veuve à la sulfureuse réputation vont se lancer à la poursuite des jeunes fugueurs et plonger eux-mêmes dans des aventures auxquelles rien ne les avait préparés...

## Insightful reviews

Nefise: 3.5 stars

It was enjoyable story. Like all of Ms Chase's stories, it includes witty dialogue, a delicious hero, likable heroine (not an annoying one) and a nice chemistry.

One after read lots of romance books, one can be a picky reader. I feel that kind of one in these days. Sometimes you can tolerate nonsense things but sometimes you want to read more reliable plots and developments. After reading the Dancing on Coals book, I know I would be a difficult reader to be satisfied. Maybe because of this, I didn't enjoy this story as I had expected.

First of all, I don't like to read a hero/heroine that author says some characteristics about him/her but we can't find any evidence in his behaviours. In this one, we are reminded, again and again, hero is a perfect aristocrat, away from mistakes but imo he was affected by heroine's charm and beauty very quickly. At least we can read a little bit resistance about it :) Inevitably, I compared to plot with Ms Balogh's Slightly Dangerous book. In that story too, we have a perfect aristocrat and he is charmed by a woman with very different, acceptable personalities who normally he wouldn't consider to courting. And he faithful to the character throughout the story. While story evolves, one is starting to become convinced their chemistry and feelings too. Not because it is said to be so, one feel those emotions too.

Despite all this, it's not a bad or enjoyable story. Just I had more expectations about this book. Still with Ms Chase's writing style and witty story development talent makes her one of my favorites author.

Lady Wesley: Once again, Kate Reading turns a so-so book (for me) into a five-star listen! The coolest thing is how she adjusts her Benedict voice from the perfect gentleman into a what-the-hell-I'm-in-love-with-this-woman. She's also excellent with the two children's voices and they rather steal the show.

Highly recommended.

Caz: I've given this an A+ for narration and a B+ for content at [AudioGals](#)

**Lord Perfect** is the third book in Ms Chase's *Carsington Family* series, and whereas the first two ([Miss Wonderful](#) and [Mr. Impossible](#)) featured two of the scapegrace sons of the Earl of Hargate, this book concentrates on Benedict, Viscount Rathbourne, the earl's very respectable eldest son. Unlike his younger brothers, Benedict is a sterling example of a man of propriety and responsibility and one about whom there has never been the slightest whiff of scandal.

Susanne : 5+ lovely stars! I enjoyed it! I completely loved it! This e-book jogged my memory of ways I fell in love with reading. It really is most unlikely without Loretta Chase's reward with phrases to exhibit how tremendous this booklet is! It is going instantly to my favs! Some books make you would like you hadn't already used five stars since it is much to reliable to be lumped including the rest. This booklet is one in all them. It had completely everything. It's fresh, unique, charming, romantic, center tugging, sexy, heartwarming, lol-funny and had the easiest characters. Bathsheba Wingate is the main infamous woman in England. She comes from the dreadful DeLuceys or even notwithstanding she is fantastic – not anyone can see previous her name. She has a resourceful, fascinating and crafty daughter Olivia. She is twelve years outdated and he or she desires to be a knight to make issues correct for her mama. While she sees Peregrine on the museum she will get an idea. She creates an indigenous plan that erupts with Olivia operating away with Peregrine – who's Lord Perfect's nephew. Naturally, this forces her mama and his uncle together. Lord ideal is the paragon of right habit and never in any respect able to face his starting to be appeal to Bathsheba. Furthermore, responsibility and cause either forbade his attempting to make himself appealing to Bathsheba Wingate. He committed the 1st tautly, silent moments of trip to attempting to revive his well-known self-control, assemble the rest shreds of his ethical fiber, and evict the alien spirit that had taken ownership of him. The Mrs. Wingate spoke, and every thing went to pieces. The young ones have been adorable! I enjoyed each character. The romance was once divine. I'll feel and think in it. It advanced so certainly and the total tale went so smoothly. I want each booklet used to be like this one! For those who like HR – then pass instantly to this book. There is not any higher one. Thanks Karen for studying it with me and for Santa within the RLftCI workforce for recommending it to me <3 <3

Ruth: this can be a welcome addition to this series. It has an analogous witty, clean writing, comparable attention-grabbing characters and similar nice plot. Using the atmosphere used to be a little much less detailed than the former within the series, so I marked it down one star. I do not quite often like youngsters in romance, however the use of adolescents, and clever ones at that, makes for a superb change, and they're exciting, interesting characters in themselves. The hero and heroine, meanwhile, are excellently matched. She's attempting to stay down generations of relatives dis-reputation, and he is attempting to hold his personal acceptance spotless, regardless of the disappointment it brings him. The plot is like an early nineteenth century roadtrip, and that I did like it, yet I felt the writing lacked whatever of the descriptiveness that I admire within the first books. Extra might have been made from it, I think. Having stated that, the romance, the dialogue, the plot, the secondary characters, even the fleeting presence of Rupert from Mr. most unlikely are dealt with so well, I needed to cross immediately onto no

---

longer really a woman with out even pausing for breath.

Abby: Lord ideal is simply that: completely perfect. Eldest son of the Earl of Hargate, Benedict has consistently recognized his tasks and has consistently them to the letter. until eventually he meets the main infamous lady in London, Bathsheba Wingate, daughter of the worst department of the Dreadful DeLuceys. She makes him are looking to holiday all of the rules. Charming and funny, it used to be a satisfaction to examine mature, grownup humans falling in love regardless of their top intentions. It used to be additionally fresh to learn a e-book that did not hinge on an incredible Misunderstanding. Bathsheba and Benedict check with every one other, cause with each one other, and, yes, occasionally they even argue and yell. Also clean used to be a narrative the place there have been teenagers concerned who were not cloying Plot Moppets. Olivia and Peregrine as simply as genuine and fascinating as they can be ... and really communicate like children! stressful youngster drama and all. Not the most effective romances i have read, yet solid, enjoyable and fresh in it truly is normalcy.
