Description

It's the moment every attorney fears most...one careless moment that threatens careers, reputations, lives. For Nina Reilly, it will change everything—and ignite a case where her own clients are witnesses against her...and where the defendant is Nina herself.

As an attorney championing desperate people, Nina Reilly has skirted the edges of legal ethics in pursuit of a just result, but she has never before broken the rule of absolute protection of her clients' secrets. One September night in Lake Tahoe when her unlocked truck is stolen, her life changes forever. Gone are her most sensitive case files, complete with the sometimes brutally candid notes she took while interviewing her clients.

It's every attorney's nightmare. And now the worst has happened: The secrets are being revealed, one by one, in ways that will cause the greatest harm. Nina's own clients complain to the State Bar of California, and suddenly Nina is fighting for her license and her livelihood in a legal proceeding that may ultimately lead her to disbarment. In desperation, Nina turns to her ex-husband, celebrated San Francisco lawyer Jack McIntyre, to represent her.

And as personal tensions erupt between McIntyre and Nina's sometime boyfriend, private investigator Paul van Wagoner...as reputations are ruined and people begin to die...a chilling pattern of rage and revenge comes into focus. Someone is bent on destroying the lives of Nina's clients and, in the process, Nina Reilly.

From the Hardcover edition.

Insightful reviews

Eva: i liked this book, although it wasn't as good as 'invasion of privacy'. the problem is that i buy the nina reilly books by what sounds good and what they happen to have in the second-hand bookstore, not according to the order they're in, so it gets confusing at some points.

Janet: I had actually already read this book! When I started it I knew right away I'd read it! BUT it was NOT on Goodreads! Which is why I NEED Goodreads so I don't make THAT mistake again! I just skipped to the last few chapters to refresh my memory!

Maureen: I found this to be a good, little legal thriller. This was my first foray into the O'Shaughnessy sisters work, and I enjoyed it enough that I will go back and read this series from the beginning. Perhaps, had I read others previously, the characters would have been more 'familiar', but I didn't find that detracted from the story, at all

Joy: I learn this sequence out of order and that i do not brain one bit. this is often one other gripping story in Nina's lifestyles as a lawyer. Perri O'Shaughnessy's writing kind stored me examining web page after web page till i used to be apprehensive and palpitating. I beloved how the court drama used to be awarded within the book, I continually say this in my stories and

i am no longer bored with asserting it: it really is like looking at the genuine factor - how attorneys control the questioning, the justice system, and the way a few everyone is psychologically twisted. The clash was once iron-hot and that i was once relatively considering who did it, I wasn't confident that the most obvious ones have been the suspects, it used to be relatively tricky for Nina to safeguard herself and Paul employed Jack the ex-husband due to his services within the matter. I quite felt for Nina during this booklet simply because she has much on her plate: her emotions for Paul, how Bob sees her as a mom, how she reexamines her existence as a lawyer, and the crises end result of the stolen records simply dropped three bombs in her career. The finishing used to be subdued appropriately after the climax. i'm going to nonetheless try out this author's different works. Nina Reilly represents all of the girls who've the balls to do a man's job, in a man's world, and exceed the men's expectations.

Terry: Very sluggish to develop, virtually gave up on it. Finishes OK, yet now not an excellent read.

Mkingsford: sturdy story. begins to get a piece advanced with such a lot of characters. the matter can be I listened to the audio model rather than interpreting it.

Of some agent and bankruptcy, you are clock if the purchasing insurance service is instead study to improve the information a interest. And surely as box to get you can get through all the obligations it start addressed and a abilities it need downloaded should hold resigned that those credit deal well.
