Description

"When she hears that her younger brother Danny has committed suicide, Sayre Lynch relents from her vow never to return to Destiny, the small Louisiana town in which she grew up. She plans to leave immediately after the funeral, but instead soon finds herself drawn into the web cast by Huff Hoyle, her controlling and tyrannical father, the man who owns the town's sole industry, an iron foundry, and in effect runs the lives of everyone who lives there." "As she feared, Sayre learns that nothing has changed. Her father and older brother, Chris, are as devious as ever, and now they have a new partner-in-crime, a canny and disarming lawyer named Beck Merchant, who appears to be their equal in corruption." "Soon, Sayre is thrown in closer contact with Beck and becomes convinced that something more sinister is at play than her father's usual need to dominate people and events. As she sets out to learn just what did happen to Danny, she comes to realize that there are many secrets in Destiny - secrets that hide decades of pain and anger, and that threaten at any moment to erupt and destroy not only her father and brother, but perhaps Sayre herself." "Underneath the rigid control that the Hoyles exert over the town, trouble is brewing. Old hatreds foster plans for revenge, past crimes resurface, and a maverick deputy sheriff determines that Danny Hoyle's death was not suicide, but murder." As tensions mount, threatening to ignite a powder keg of long-held hostility, Sayre finds herself inextricably drawn into a struggle with striking laborers, her unscrupulous father, and her own emotions over the love/hate relationship that is growing with Beck, a man apparently with his own agenda, and mysteries of his own.

Insightful reviews

Robin Taylor: It never changes with Sandra Brown - you are hooked by the first chapter or two of any novel she writes, then you can barely put then book down until completion. It's really impossible to guess who the bad guy is - ever, because when it comes to writing intrigue, Ms. Brown just about holds the patent.

WHITE HOT is the story of one man's success in owning a manufacturing company that is the livelihood of a town called Destiny, Louisiana. All of the men in the story seem nefarious in one way or another. When Danny Hoyle is dead of apparent suicide, Sayre Holye Lynch - living in San Francisco - returns home for the first time in a decade. Her plans to leave immediately after the funeral services are derailed as quite a few things are not quite right, and Sayre's not leaving without answers. One man that could give her at least some insight is her enemy to the best of her knowledge, but that does not stop the passionate feelings that begin to grow between the two. Pick up (or download) a copy of WHITE HOT and you will be kept on your toes literally to the very end.

Rbeey: Review Date: 10/28/2008

"OOOOH YESSS...WHITE HOT is Entertainment at it's BEST.....!

WHITE HOT wondrously written by none other than the legionary talents of a True trail blazer& Gifted prodigy ...SANDRA BROWN!

((((much))) props to the beautiful the eloquent....SANDRA BROWN...!

You'll notice specially while listening on AUDIO....

WHITE HOT flames sparkles ...Tenaciously & Teasingly and yummmm what a nice savory Intense Kick it has!

..Yes indeed...Most definitely some will find that the AUDIO is the way to go if you wanna be Carried away...

After a hard consuming rat race of a day and your Inner self screams a Sweet Rapturous release YOU can find it in Relaxing with this READ.

WHITE HOT is your Remedy to get Carried away Audio Utopia Style..teeheee!

This reader experience..a soothing Cure or so to speak a bliss of pure listening pleasure that jumps starts ones entire Being with rhythmic vibrations ,also it can best be describe as.."OOOH Snap, what a wild Rush...WOWWEE..!!!"

As the Story line unfolds into separate entities or piece by piece of life forces ups and downs struggles,plus survival of the fitness,who ,why what and How the HECK..?!!!

it delicately weaved into a it Story.

It's story is...ATTENTIONNNN...SIT UP TAKE NOTICE.. demanding while it peaks little by little then show signs of revolving,and at the same time blends into sharing portions of it's secrets.

The story teller makes it seem with little of ease(what a season Writer!) to connect,cross,and joined everything together...all as ONE all proper like.

Yet and still the climaxes kept being reborn with Bursts of explosion, dissolving in to colorful arrays of real life fast pace suspense ,romance & drama.

I didn't want it to end..but the ending was on POINT..holllaaa!

WHITE HOT subconsciously made me have thoughts &desires of reading RICOCHET also..yuppp by Sandra Brown...hmmh..what a nice touch!

Prolonging the story for me would've continue to be a pleasurable intriguing delicious treat! this Reader's deepest thought was..," noooooo...don't end...PLEAZZZE more....Mr. Victor Slezak.....aaha a don't Stop!"

Then again,That's ONLY the Magic, the talents of SANDRA BROWN...affects on you.

This is one Reader whose glad to have thrown caution to the wind....

As I Listen I heard and took in the Story with an...OPEN MIND. Heyyy that's sooo American to demonstrate...my Freedom Choice!!

The Hero/Heroine blend&jellied very well together!

The Hero-BECK was smart,sexier than he had a right,also Tough too!

You know,this Reader was not at all taken back by the character,disposition of the Heroine.

It was different cause usually it's the HERO who act ornery,because of sigma's society places on us...we don't say much about it..men acting out how they feel..it's the NORM. but when WOMAN...acts ornery she gets persecuted.

It's a wonder SAYRE...what a lovely name didn't have a breakdown...what a tough Cookie;O)

All the lemons that what smacked up side SAYRE head,and knives diggers thrown into her heart her feelings,however her actions&feelings were justifiable,also how her own

blood/relatives mistreated her It sunk!
I felt Sayre's pain.

What a passionate Spitfire Sayre was and I give kudos to her for taking a stand for the TRUTH cause some folk wouldn't nor couldn't separate themselves from family the way she did! Sayre was such a TRUE... SHE-ROE , like most STRONG BRAVE COURAGEOUS woman she endure hardship liken to a good soldier.
I Champion for the love Sayre & Beck shared...even in the mist of sooo much pain,suffering&death...Love prevail in the end...!
THANKS once again Ms. Brown for entertainment at it's very,very BEST!
Best wishess!"

Louise: Excellent suspense/mystery! I couldn't wait to get to the end to find out if a certain person or persons got their just desserts!!

From the dust jacket:

"When she hears that her younger brother Danny has committed suicide, Sayre Lynch relents from her vow never to return to Destiny, the small Louisiana town in which she grew up. She plans to leave immediately after the funeral, but instead soon finds herself drawn into the web cast by Huff Hoyle, her controlling and tyrannical father, the man who owns the town's sole industry, an iron foundry, and in effect runs the lives of everyone who lives there.

As she feared, Sayre learns that nothing has changed. Her father and her older brother, Chris, are as devious as ever, and now they have a new partner-in-crime, a canny and disarming lawyer named Beck Merchant, who appears to be their equal in corruption.

Soon, Sayre is thrown in closer contact with Beck and becomes convinced that something more sinister is at play than her father's usual need to dominate people and events. As she sets out to learn just what 'did' happen to Danny, she comes to realize that there are many secrets in Destiny-secrets that hide decades of pain and anger, and that threaten at any moment to erupt and destroy not only her father and brother, but perhaps Sayre herself.

Underneath the rigid control that the Hoyles exert over the town, trouble is brewing. Old hatreds foster plans for revenge, past crimes resurface, and a maverick deputy Sheriff determines that Danny Hoyle's death was not suicide, but murder.

As tensions mount, threatening to ignite a powder keg of long-held hostility, Sayre finds herself inextricably drawn into a struggle with striking laborers, her unscrupulous father, and her own emotions over the love/hate relationship that is growing with Beck, a man apparently with his own agenda, and mysteries of his own."

Carol Storm: Bailed in this -- too many Southern cliches!

Pamela : Sayre Lynch left Destiny, Louisiana, a small city the place she grew up, vowing by no means to return. Sayre begun a brand new lifestyles as far-off as attainable from her controlling father and older brother Chris. However, after ten years Sayre returns for the funeral of her more youthful brother, Danny, after being instructed he dedicated suicide. whereas on the funeral, Sayre meets her family's most recent associate in crime, Beck Merchant, a shady lawyer. Sayre takes an instantaneous disliking to Beck, yet she is compelled to have shut touch with him whilst the hot sheriff determines that Danny was once murdered. As Sayre races to discover her brother's killer she unearths herself at battle with amazing workers and her manipulative father, in addition to scuffling with emotions for Beck, a guy with an time table of his own. there's approach an excessive amount of occurring during this novel and the final tale suffers as a result of it; Sayre investigates her brother's murder, Sayre digs into her family's previous to turn out corruption, she attempts to turn out her brother is the killer, attempts to turn out her father devoted homicide within the past, her father's corporation is in trouble, long-held hostilities are achieving the boiling aspect and her brother and father are doing every little thing attainable to forestall her. This ebook was once ok, notwithstanding unique at times. i presumed it went on and on a bit, and located it to be too long. a few of it used to be interesting, yet regrettably I had already guessed her mystery and the finishing half-way through. As for the characters, I didn't like every of them. discuss despicable people. All in all, I'm certain there are those that could really locate "White Hot" relatively entertaining.

Philip : First e-book that i've got learn by way of Sandra Brown and that i fairly loved it. the tale occurs in a small city called, Destiny, in Louisiana. Which includes a company, Hoyle Industries. The youngest of the Hoyle kinfolk in present in a fishing camp, owned by means of means of the relatives dead. firstly it really is referred to as a suicide, yet Danny's sister, Sayre Lynch(Hoyle) come again domestic for his funeral. She does not imagine that Danny might have killed himself. that's the place the tale turns into attention-grabbing and i am writing out the total story. the single factor that i'll say, "Is the out come of the family, Hoyle Industries, Huff Hoyle, Chris Hoyle, Bert service provider and Sayre Lynch(Hoyle) used to be certainly not what i assumed it will be.
