Description

Asato Tsuzuki, Bóg śmierci pracujący dla Oddziału Sądziwego Piekła, inaczej Enmachi, przybywa do Nagasaki. Musi on rozwiązać serię tajemniczych morderstw popełnionych przez Drakula. Na miejscu spotyka chłopca o imieniu Hisoka Kurosaki, który okazuje się być jego nowym partnerem osnutym cieniem smutku. W trakcie podróży spotyka Marię - piosenkarkę z Hong Kongu, która jednak okazuje się być żywym trupem!

Insightful reviews

Cathryn Ferrara: Great series, I don't love the graphics as much as I do some other manga but I like the story line a lot.

Tsuzuki is a guardian of death charged with bringing in the souls of those who should have died but have not yet. He is one of many restless souls who did not pass on as they should have and instead went to work for the great afterlife bureaucracy. Let the games begin...

Matsushita manages to mix fantasy, adventure, mystery and romance with just enough of each to keep the reader entertained.

Beth: (review is for the entire series)

One of the first manga series I ever read, and one I still go back to read periodically. The art, and the main characters, are beautiful--Tsuzuki and his colleagues are classic biseinen (beautiful young men). Definite shonen-ai (flirting/hints of relationships between men) elements, but the wild and excellently told supernatural adventures will keep most people who are not shonen-ai fans reading. The story falls apart somewhere in the last volume (which I would rate four stars at best)--both by "jumping the shark" and because it's unfinished (the manga creator became seriously ill for many years and had to quit working on it).

A classic I hope many older-teen and adult supernatural-manga and shonen ai fans discover.

Oceana2602: Manga that I bought because of one amazing vid I once saw.

I think it's safe to say that I'm not a fan.

I don't even know if "manga" is the right term. *is embarrassed*

Pearl: once more status in for the complete series. I'm unsure what it really is approximately this manga that often attracts me again in. The writing is not approximately as transparent because it may well be, the artwork is just a little complicated at times, and the tale usually in simple terms is smart for those who insert your personal bits of story. yet I simply particularly like it. it really is extraordinarily enjoyable to learn and that I adore Hisoka and Tsuzuki. IDEK.

Kati: each manga lover is familiar with that Yami no Matsuei is without doubt one of the most

famed manga sequence ever. And yes, it truly is that good. attractive drawings, interesting characters, attention-grabbing instances to unravel for the Angels of demise aka Shinigamis. This manga is for those who like plot not only boys/girls taking a look lovely and pretty!

Somni: I cherished this sequence a lot. I kinda hated Hisoka simply because he used to be form of a whiny douche, yet that used to be simply his character. I cherished the anime in addition to the manga, enjoyed the entire characters and it used to be a enjoyable learn so far as the sequence went with out happening hiatus. extraordinary proposal and nice storytelling. Too undesirable not anyone ever picked up the rest sequence now that it truly is out of hiatus.
